

## SolarTech Power Solutions

# Acquisition of new energy battery cabinet company

12V 10AH

## Overview

---

Who owns Blackstone battery energy storage system?

In Q4 2023, renewable energy company Octopus Investments Australia, which is majority owned by the UK-based Octopus Group, acquired the Blackstone Battery Energy Storage System. With an expected enterprise value of US\$514 million once operational, it is the largest proposed battery project in the state of Queensland.

Does reliance new energy own rnebl?

Reliance acquired a 100% stake in RNEBL, which Reliance New Energy Limited (RNEL) had previously owned as a step-down subsidiary. RIL incorporated RNEBL on January 1, 2025, making it a direct wholly owned subsidiary. The company specializes in developing advanced battery cells, battery packs, containers, and energy storage solutions.

What is the largest proposed battery project in Queensland?

With an expected enterprise value of US\$514 million once operational, it is the largest proposed battery project in the state of Queensland. Q4 2023 saw construction start on the first stage of the Melbourne Renewable Energy Hub.

What is the future of battery energy storage systems?

As the world transitions to more renewable energy sources, the global demand for battery energy storage systems (BESS) continues to surge and is expected to grow more than 20 percent per year through 2030.

How much money did energy storage companies make in 2022?

Corporate funding of energy storage companies exceeded US\$26 billion worldwide in 2022, a 55% jump from 2021's total US\$17 billion. Masdar acquires UK battery storage developer Arlington Energy October 26, 2022 Masdar has acquired battery storage developer Arlington Energy in a bid to expand its presence in UK and European renewables markets.

Is the UK ready for the next big thing in battery storage?

The UK's battery storage capacity is projected to expand to 24 GW by 2030, attracting investments of up to US\$20 billion and accounting for 9 percent of global installation capacity. Major private investors are looking to the UK for the next big thing in battery storage.
