Contact them to see when they'll be in your area. Many also offer remote solar consultation services. Linc and Kim Spangler are full-time RVers who also install custom RV solar systems, lithium batteries, inverter chargers and whole house RV integration systems. Schedule a consultation [here](#).

Who is Island Solar?

Island Solar is a company based in Nassau, Bahamas that specializes in installing solar electric (photovoltaic) systems. They focus on commercial systems ranging from 50 kW to multi-megawatt utility scale systems, ensuring safety, high quality, and code compliance.

What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

How do I go solar?

The first step to going solar is a site assessment. We evaluate your home or business's energy usage and utility rate to determine potential solar savings. With the initial evaluation we're able to determine payoff period and ROI. The solar systems we install typically have a payback between 4-7 years and a 18-20% return each year.
