

## SolarTech Power Solutions

# Bolivia local new outdoor power supply

## Overview

---

Can Bolivia achieve universal access to electricity by 2025?

Bolivia is moving forward with its objective of reducing poverty and achieving universal access to electricity by 2025. Between 2014 and 2019, 4,300 households were connected to the power grid, providing electricity to approximately 20,200 people. In addition, the country constructed 708 kilometers of electricity distribution lines. Challenge.

What is Bolivia's \$325 million electrification project?

The \$325 million electrification project is a key milestone in Bolivia's renewable energy journey. By bringing clean and reliable electricity to rural communities, the initiative is helping to bridge the energy gap and support sustainable development.

How is Bolivia transforming rural electrification?

Bolivia is making significant strides in its rural electrification efforts through a substantial investment in renewable energy. The Bolivian government has announced a \$325 million project dedicated to installing solar panels in rural areas.

Why should Bolivia invest in solar energy?

Bolivia's investment in rural electrification through solar energy is a significant achievement with lasting impacts on the country's energy landscape. As the project progresses, it will continue to enhance the lives of thousands of families, support economic development, and contribute to Bolivia's environmental sustainability goals.

How many people are connected to the power grid in Bolivia?

Between 2014 and 2019, 4,300 households were connected to the power grid, providing electricity to approximately 20,200 people. In addition, the country constructed 708 kilometers of electricity distribution lines. Challenge By 2013,

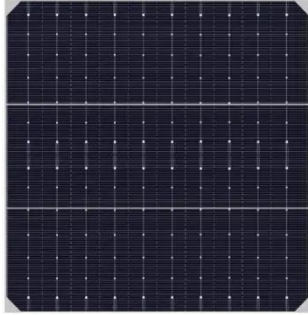

Bolivia had made considerable progress in reducing poverty and inequality.

What type of power plugs are used in Bolivia?

In Bolivia, power plugs and sockets (outlets) of type A and type C are used. The standard voltage is 115 / 230 V at a frequency of 50 Hz. For more information, select the country you live in at the top of this page. We don't sell power plug adapters. We refer you to Amazon, where you will find a great selection of travel adapters.
