Cape Verde local warehouse outdoor power supply

Overview

Do I need a power adapter in Cape Verde?

However, if your devices use a different plug type or are not compatible with the voltage in Cape Verde, you will need a power adapter and/or a voltage converter/transformer. The standard voltage in Cape Verde is 230 V, and the standard frequency is 50 Hz.

What type of electrical outlets are used in Cape Verde?

In Cape Verde electrical outlets and plugs of types C & F are used (see images). You can check if these are the same as in your country with the tool at the top of this page. The voltage used in Cape Verde is 220V with a frequency of 50Hz.

What type of plugs are used in Cape Verde?

In Cape Verde, there are two main types of power plugs and outlets: Type C and Type F. Type C: Type C plugs have two round prongs on either side of the plug, commonly known as Euro plugs. Mostly used in Europe, South America, and Africa. Type C outlets can be fit with either Type E or Type F plugs.

What is the standard power socket voltage in Cape Verde?

All power sockets in Cape Verde provide a standard voltage of 220V with a standard frequency of 50Hz. You can use all your equipment in Cape Verde if the outlet voltage in your own country is between 220V-240V. This is the case in most of Europe, Australia, the United Kingdom and most countries in Africa and Asia.

Does Cape Verde have a voltage converter?

Keep in mind that some electronic devices (e.g., smartphones, laptops, and cameras) have built-in voltage converters, allowing them to work with a range of voltages in Cape Verde and beyond. Always use a surge protector when charging your devices in Cape Verde to prevent damage from power

fluctuations.

Which plugs fit in a Type F socket in Cape Verde?

Plugs of type C and E will also fit in a type F socket. If you're not sure whether the outlets and plugs used in your country are the same as in Cape Verde, you can use the tool at the top of this page to check if you need a travel adapter. All power sockets in Cape Verde provide a standard voltage of 220V with a standard frequency of 50Hz.
