Carrier Refrigerated Container Wholesale

Overview

What is carrier's line of container refrigeration units?

Explore Carrier's line of Container Refrigeration Units — innovative systems and solutions designed to meet a world of transport refrigeration needs.

What is a refrigerated container?

Refrigerated containers are equipped with a refrigerated unit and are used both for transportation of goods and as a stationary refrigeration installation. The new Carrier PrimeLINE ® refrigerated containers feature lower operating costs and low CO 2 emissions.

What is Carrier Commercial Refrigeration?

Carrier Commercial Refrigeration is a part of Carrier Global Corporation, a leading global provider of innovative HVAC, refrigeration, fire, security and building automation technologies. Carrier Commercial Refrigeration is supported by the iconic Carrier name, and its portfolio includes industry-leading brands such as Carrier, Kidde, Edwards, LenelS2 and Automated Logic.

What is a reefer container?

A reefer container is a refrigerated container designed for the storage of chilled and frozen products for transportation over long distances. Refrigerated containers are equipped with a refrigerated unit and are used both for transportation of goods and as a stationary refrigeration installation.

What is a carrier Primeline ® refrigerated container?

The new Carrier PrimeLINE ® refrigerated containers feature lower operating costs and low CO 2 emissions. Fully loaded PrimeLINE refrigeration units are the most energy efficient on the refrigerator container's market today.

What is Carrier Transicold?

Our most innovative controlled atmosphere technology. With a product line big enough for the world, Carrier Transicold's Container Units, PrimeLINE® Generator Sets, Data Tools and Genuine Aftermarket Parts are the container refrigeration solutions to fit every need.
