

SolarTech Power Solutions

Czech outdoor power supply customization

Overview

Will the Czech Republic become the fourth largest battery storage market in Europe?

It is forecasted by SolarPower Europe that the Czech Republic will become the fourth largest battery storage market in Europe in 2024, and the residential segment will provide 97% share thanks to the New Green Investments Programme.

Will the Czech solar market shift towards larger-scale solar and storage market?

With the residential segment dominating the storage market in the Czech Republic in the coming years, the Czech Solar Association (Solární Asociace) also pointed out that it expects a shift towards larger-scale solar and storage market, given the potential of energy storage in balancing the grid and optimizing energy structure.

What type of power supply does Bronkhorst use?
