

## SolarTech Power Solutions

# Dublin Mobile Energy Storage Battery

## Overview

---

The Poolbeg Battery Energy Storage System in Dublin went into operation in November 2023 and has the capability of providing 75MW of fast-acting energy storage. Does ESB have a battery storage plant in Ireland?

Irish state-owned utility ESB on Wednesday opened a 75-MW/150-MWh battery energy storage plant, currently Ireland's largest, at its Poolbeg site in Dublin. Image by ESB on LinkedIn.

Which battery energy storage systems are available in Ireland?

The Kylemore Battery Energy Storage System in Dublin went into operation in 2023 and has the capability of providing 30MW of fast-acting storage. The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage.

Are battery energy storage systems a 'great achievement' in Ireland?

ESB Networks described the project as a “great achievement for battery storage” in Ireland. Battery energy storage systems, often referred to as Bess, are regarded as a vital part of the Ireland's fledgling renewable energy sector and demand for them has never been higher.

How much battery storage capacity does Ireland have?

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We have set an ambitious and bold course of action to help Ireland achieve climate action targets and transition the country to reliable, affordable, net zero energy.

Which ESB site is the largest in Ireland?

According to the Dublin-based, state-owned energy company, the battery energy storage system (BESS) is currently the largest site of its kind in commercial operation in Ireland. The site is the latest in ESB's project pipeline,

consisting of sites in Dublin and Cork, representing an investment of up to €300 million (\$323 million).

Will a new battery plant support Irish grid stability?

In a bid to support Irish grid stability, Electricity Supply Board (ESB) has opened a major battery plant at its Poolbeg site in Dublin, which will add 75MW/150MWh of fast-acting energy storage.

## Dublin Mobile Energy Storage Battery

12.8V 200Ah

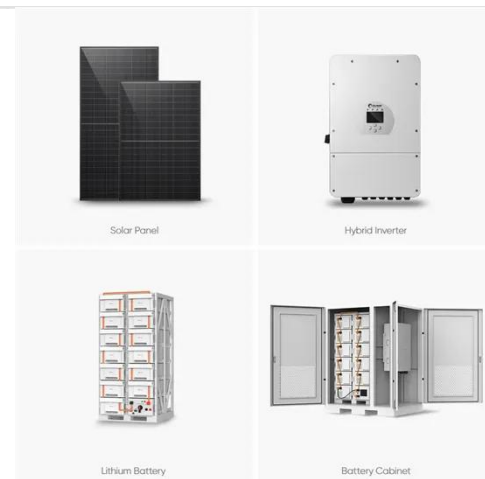

## Battery energy storage systems are a vital piece ...

May 16, 2024 · Battery energy storage systems, often referred to as Bess, are regarded as a vital part of the Ireland's fledgling renewable energy sector and ...

## Battery storage - a key pillar of enabling a net zero carbon ...

Dec 4, 2024 · Our first large-scale installation in Aghada, Cork, went live in 2022, followed by a 75MW facility at Dublin's Poolbeg Energy Hub, Dublin in February 2024. Now, a second phase ...

## Clarity on battery policy vital for Irish energy goals

Jun 1, 2025 · Bobby Smith, head of Energy Storage Ireland, highlights a critical need for clear policy and infrastructure development to ensure Ireland meets its renewable energy goals.

## Ireland's Battery Storage Pipeline Nears 10GW as ...

Jun 26, 2025 · Ireland's energy storage capacity could increase almost eightfold by 2035, driven by a growing pipeline of battery projects and calls for stronger ...

## RWE's largest battery storage project goes live in Ireland

Jun 7, 2022 · RWE's second and largest-to-date battery storage project has entered full operations in County Monaghan, Ireland. The 60 MW facility, located at Lisdrumdoagh, (3 km ...

## Battery energy storage systems are a vital piece ...

May 16, 2024 · Battery energy storage can play a vital role in Ireland's progress towards its renewable energy targets  
The Lumcloon battery storage facility in ...
