

SolarTech Power Solutions

East Timor Inverter Repair Factory

Overview

Who is IMS East Timor?

Our East Timor representative has extensive experience in East Timor and the specific logistical, security, and electrical supply and generation requirements for operating there. The IMS team provide on the ground logistics and engineering support in East Timor and have many years of engineering, power generation, and logistics experience.

How much does electricity cost in Timor-Leste?

The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries. For instance, in Indonesia industrial electricity tariffs are 0.11 USD/kWh, compared to 0.24 USD/kWh in Timor-Leste.

Is Timor-Leste a good country for solar energy?

Timor-Leste has a high-quality solar resource. The global horizontal irradiance in Dili is higher than on the east coast of Australia, where the solar market is mature and installation costs are higher. The cost of electricity in Timor-Leste for commercial and industrial consumers is high compared to ASEAN countries.

Does Timor-Leste need a roof-top solar energy system?

In addition, most of Timor-Leste's electricity is generated through costly and polluting diesel generators. Australia's Market Development Facility (MDF) and ITP Renewables conducted an assessment of the potential market for roof-top solar energy systems in Timor-Leste.

How can IMS help companies in East Timor?

The unique challenges facing companies in East Timor place significant drains on resources and aren't part of most companies operations, so this is where IMS provides support, assistance, and peace of mind.

Why is solar energy maintenance important in Timor-Leste?

Maintenance tends to be limited to repairing malfunctioning system components, instead of preventative care or servicing, which can reduce the effectiveness of solar energy systems and increase costs. Technicians in Timor-Leste have experience in small-scale, off-grid solar energy systems.

East Timor Inverter Repair Factory

inverter Distributors serving East Timor , Energy XPRT

Modular inverters designed for use in large scale photovoltaic systems (apartment blocks or companies). Very flexible, they are based on 55 kW conversion modules which do not suffer ...
