

SolarTech Power Solutions

Freetown PV Inverter Equipment Container

Overview

What is a GC solar container power station?

Containers are custom built and may vary. GC Solar Container Power Station gives the flexibilities for industrial, large enterprises and corporate companies to deploy the system nearly in any nodes in the grid, supporting the services such as emergency power, new energy stabilizer, energy shifting, load shaving, grid stabilizer.

Where can container power solutions be implemented?

Our container power solution can be implemented in various ways, including, but not limited to power backup, off-grid solutions, emergency power, energy stabilization and in various industries like hospitals, factories, corporate buildings, power stations and data centers. Looking to get more information about our Container Power Solutions?

.

Which inverter configurations are available?

The Ultimate 5.9MWh Container Solution is available with a choice of inverter configurations to meet the power needs of your project: 1.4MW: Single EPC Power CAB1000, 1.4MVA transformer, LV or MV switchgear, and skid frame. 2.8MW: Dual EPC Power CAB1000, 2.8MVA transformer, LV or MV switchgear, and skid frame.

Freetown PV Inverter Equipment Container

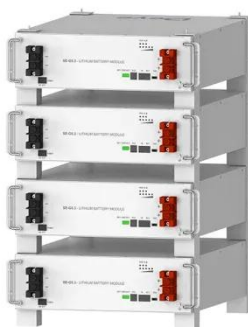

Other photovoltaic inverter equipment containers

The BoxPower SolarContainer is a pre-wired microgrid solution with integrated solar array, battery storage, intelligent inverters, and an optional backup generator. Microgrid system sizes range
