

Generator switchgear in China in Slovenia

Overview

What is MV switchgear?

We manufacture MV switchgear for voltages from 1 to 24 kV in accordance with SIST EN 62271-200/2004, SIST EN 62271-1:2009 and IEC 60694. Cells are equipped with current and voltage transformers as well as fuses for voltage transformers. MV switchgear is usually available only in type-tested versions for known wiring diagrams.

Who is Xiamen Huadian switchgear?

Xiamen Huadian Switchgear specializes in medium and high voltage switchgears and offers a variety of products such as air insulated switchgear, vacuum circuit breakers, ring main units, and gas insulated switchgear, all designed for power transmission and distribution.

Why is China's switchgear industry important?

The Chinese government is increasingly prioritizing green technologies, pushing companies to adopt sustainable practices. Furthermore, the global market relevance of China's switchgear industry is significant, as it is one of the largest producers and consumers of electrical equipment.

Can MV switchgear be used with a non-standard wiring diagram?

MV switchgear is usually available only in type-tested versions for known wiring diagrams. If you need a MV switchgear for an intended use with non-standard wiring diagram and non-standard installed components, we can provide you with tailor-made solutions.

Who makes Andeli switchgear?

Andeli Group Co., Ltd. is a prominent manufacturer specializing in both low- and high-voltage electrical devices, including a diverse range of switchgear. The company's commitment to innovation and quality is reflected in its extensive product lineup and numerous international certifications.

Who manufactures sivacon S8 low-voltage assemblies?

As a 'Siemens Technology Partner we are authorized to manufacture such assemblies in accordance with the design verified type SIEMENS SIVACON S8. Dedicated low-voltage assemblies are manufactured on the platform of the type-tested system cubicles SIVACON SICUBE 8MF.
