Georgia ispo outdoor exhibition energy storage

Overview

What is energy storage South?

Energy Storage South launches in the next hub of clean energy, battery and EV growth—the U.S. Southeast. Co-located with The Battery Show and Electric & Hybrid Vehicle Technology Expo South, Energy Storage South will feature an expanded focus on the energy storage systems pivotal for H/EV, renewables, commercial buildings, and critical facilities.

When is energy storage a hotspot?

We welcome you to join us April 16-17, 2025, at the Georgia World Congress Center in Atlanta, GA—a hotspot for U.S. data center growth and key to rising energy demand. It's an exciting time for the storage industry as regional energy buyers, utilities and industrial giants are all driving ambitious targets for integrating energy storage.

What is Energy Storage Summit South 2025?

Energy Storage Summit South 2025 is the perfect platform to meet the most important market players in one room. Join us for onsite workshops, roundtable networking, panels, and presentations with key regional utilities, developers, IPPs, RTOs and ISOs, policymakers, energy buyers, service providers, consultancies, and technology providers.

Who can attend a stationary energy storage networking event?

Join thousands of senior professionals from the stationary energy storage, for engaging dialogue at our networking receptions and daily social gatherings. Attendees include regional utilities, developers, IPPs, RTOs and ISOs, policymakers, energy buyers, service providers, consultancies, and technology providers.

Does Georgia Power have a battery and equipment supply agreement with Tesla?

Georgia Power has secured a battery and equipment supply agreement (BESA) with Tesla for a 500MW/2,000MWh BESS portfolio made up of four projects of varying sizes under development by the investor-owned utility (IOU).
