Indoor and outdoor portable power bank

Overview

What is the difference between a power bank and power station?

A power bank is a small, portable device that's used to charge electronic products like smartphones, laptops and more. On the other hand, a power station can store huge amounts of energy to power electrical appliances like mini-fridges, microwaves and more. Can a portable power station be your home backup?

The answer, surprisingly, is yes.

Which power bank should I buy?

The Nimble Champ is our top recommendation for most folks, but we have all sorts of alternatives here. Read our [Best MagSafe Power Banks](#) guide for Apple-specific portable chargers, and our [Best Portable Power Stations](#) guide if you need more power. Updated June 2025: We've added power banks from Redmagic and Statik, and added a new FAQ.

What is a power bank & why do you need one?

Power banks are physical stop gaps that prevent dreaded cases of DPS (dead phone syndrome). Whether you forgot to plug it in overnight or you've been traveling all day without access to an outlet, these are a lifeline for you and your portable electronics.

How much does a power bank cost?

Iniu Power Bank Bal-B64 for \$72: Offering relatively low prices, Iniu is a power bank brand on the rise. This portable charger packs a 27,000-mAh capacity, can put out up to 140 W, and charges three devices at once via two USB-C ports and a single USB-A port.

Does a power bank have wireless charging?

Some larger power banks are equipped with wireless charging capability. On

this list, both the BioLite Charge 100 Max and Goal Zero Sherpa 100 PD come with a wireless charging pad that can deliver up to 15W of power to compatible devices. In general, wireless charging from a power bank will be slower than using a cable.

How do power banks work?

Some power banks attach directly to smartphones via magnetic connection. These power banks are compact units that typically pack just enough power to recharge a compatible smartphone a single time. On this list, the Hinovo Magnetic Charger is a highly functional and convenient option. It essentially doubles your phone's battery — no cable required.
