Intelligent home lithium battery pack in Antwerp Belgium

Overview

Where is TotalEnergies launching the largest battery energy storage project in Europe?

Saft – TotalEnergies launches in Belgium its largest battery energy storage project in Europe. TotalEnergies has launched at its Antwerp refinery (Belgium), a battery farm project for energy storage with a power rating of 25 MW and capacity of 75 MWh, equivalent to the daily consumption of close to 10,000 households.

What is the largest battery energy storage project in Europe?

Credit: Dorothy Chiron via Shutterstock.com. TotalEnergies has announced the launch of its largest battery energy storage project in Europe. Located at its Antwerp refinery in Belgium, the battery project will have a power rating of 25MW and a capacity of 75 megawatt-hours, equivalent to the everyday power consumption of 10,000 households.

Is TotalEnergies launching a battery farm in Belgium?

Bookmark the permalink. (IN BRIEF) TotalEnergies has launched a battery farm project at its Antwerp refinery in Belgium, featuring a 25 MW power rating and a 75 MWh capacity. The battery installation, supplied by Saft, a subsidiary of TotalEnergies, will be the company's largest in Europe.

How many MW / 150 MWh will TotalEnergies store in Belgium?

These two projects, which represent a global investment of nearly €70 million, will bring TotalEnergies' storage capacity in Belgium to 50 MW / 150 MWh. In July 2024, we signed the final investment decision for a 100 MW/200 MWh battery electricity storage project in Dahlem.

What is the largest battery installation in Europe?

After commissioning four battery parks in France offering total energy storage capacity of 130 MWh, this project will be the Company's largest battery

installation in Europe.

How much power does totalenergies have in Belgium?

It will have a power rating of 25 MW and capacity of 75 MWh, thanks to the forty “Intensium Max High Energy” lithium-ion containers supplied by Saft. These two projects, which represent a global investment of nearly €70 million, will bring TotalEnergies' storage capacity in Belgium to 50 MW / 150 MWh.

Intelligent home lithium battery pack in Antwerp Belgium

Home battery without lithium Made in Belgium

Jun 15, 2025 · Belinus launches its new home energy storage Energywall G1 integrating a new cell technology without lithium that is inherently safe, technically superior and circular. This ...
