# Kuwait assembled battery cabinet manufacturer

## Overview

---

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

What is the capacity of a battery factory in India?

The plant has a current capacity of 6 Million units of automotive batteries and 3 Million units of motorcycle batteries per annum. The factory is original equipment supplier to Mercedes, Honda, Tata Motors, Suzuki, Hyundai, Mahindra, Leyland and several others.

Where can a battery be installed?

Batteries can be installed on pull-out drawers or fixed shelves. We are pioneers in power electronics industry. Eram Power Electronics Company is a leading global power electronics manufacturer having worldwide operations with production facilities in Saudi Arabia and India for last 26 years.
