Latvia introduces container energy storage project

Overview

In Latvia, developer Utilitas Wind announced the official opening of a 10MW/20MWh battery energy storage system (BESS) last week (1 November) in Targale, a village in Latvia's north-eastern Ventspils region. Where is the first battery energy storage system in Latvia?

On November 1 Latvia's largest wind energy producer Utilitas Wind opened the first utility-scale battery energy storage battery system in Latvia with a total power of 10 MW and capacity of 20 MWh in Targale, Ventspils region.

Are new wind farms a good investment for Latvia's energy security?

I am pleased that the bar has been set high for developers of new wind farms, which also plays an important role in the context of Latvia's energy security," said Climate and Energy Minister of Latvia, Kaspars Melnis. Given the total investment in the project, the OP Corporate Bank provided loan financing.

Will the Baltic states be connected to the European Grid on 9 February 2025?

The project foresees that the Baltic States will be connected to the European grid on 9 February 2025, thereby reducing security of supply risks and levelling electricity prices in the economic point of view, from the point of view of achieving "green goals", and from the security point of view.

Latvia introduces container energy storage project

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

Nov 5, 2024 · Targale, Latvia -- On November 1, 2024, Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology ...

Ranking of Latvian container energy storage manufacturers

Who makes the best battery energy storage system? As the top battery energy storage system manufacturer, The company is renowned for its comprehensive energy solutions, supported by ...

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

Nov 6, 2024 · Targale, Latvia -- On November 1, 2024, Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility.

Hoymiles, as a key technology ...

Latvia's largest battery energy storage system unveiled

The largest energy storage battery system will provide energy storage to transfer the generated electricity to users when there is a shortage in the electricity system. The battery system ...

Latvia: first BESS opens ahead of Russia grid uncoupling

Nov 7, 2024 · Latvia's first utility-scale battery storage project has been commissioned, while Fotowatio Renewable Ventures has entered the Finland market.

Hoymiles Powers Latvia's Largest Energy Storage

Project At ...

Nov 6, 2024 · Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by Utilitas, Latvia's largest wind energy producer, this project combines wind energy ...

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

Nov 6, 2024 · Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by Utilitas, Latvia's largest wind energy producer, this project combines wind energy ...

Energy Storage Container Production in Latvia: Powering the ...

For Latvia's energy storage sector, the time to act is now. With the right mix of innovation and investment, this Baltic tiger could become Europe's quiet leader in grid resilience tech.

Utilitas inaugurates 10-MW battery in Latvia , Energy

Storage ...

Nov 4, 2024 · Estonian renewable power and heat producer Utilitas has inaugurated the first utility-scale battery energy storage system (BESS) in Latvia, a 10-MW/20-MWh facility.

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

Targale, Latvia -- On November 1, 2024, Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology supplier, played a ...

Hoymiles Powers Latvia's Largest Energy Storage Project at ...

Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by Utilitas, Latvia's largest wind energy producer, this project combines wind energy generation with ...

Compressed Air Energy

Storage in Latvia

This paper considers the potential for energy storage in Latvia and Lithuania with a particular focus on electrical energy storage benefiting from price arbitrage. A model to optimize the ...

Hoymiles powers Latvia's largest energy storage project at ...

Nov 6, 2024 · The Targale Wind Park, initially launched in 2022 with an annual generation capacity of 155 GWh, has recently integrated a utility-scale energy storage system to enhance ...

Kehua energy storage systems empower Latvian industrial ...

May 27, 2025 · Kehua's C&I liquid-cooled S³-EStore systems have been deployed at a Latvian industrial facility, ensuring uninterrupted participation in ancillary markets, the project ...

Hoymiles Empowers Latvia's Largest Energy

Storage Project ...

Apr 24, 2025 · The launch of the Targale energy storage system marks a significant leap forward for Latvia's clean energy transition. It enhances the stability of the national grid, strengthens ...

Energy storage container production in latvia

The project, which was revealed by Greenergy in November 2023, will pair 1GW of solar PV with 4.1GWh of energy storage, which the company said makes it the largest energy storage ...

Hoymiles Powers Latvia's Energy Storage Project at Targale

Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology supplier, played a pivotal role in the project. Managed by ...

Latvia unveils first grid-scale battery as it ...

Nov 8, 2024 · A press release issued by Utilitas Wind, on Nov. 1, 2024, stated the project will be connected to the grid "this autumn," indicating connection ...

Latvia's Energy Landscape Evolves with New Battery Storage Project

Nov 8, 2024 · Latvia has taken a significant step towards a greener future with the commissioning of its first utility-scale battery energy storage system (BESS). The 10MW/20MWh BESS, ...

Hoymiles Powers Latvia's Energy Storage Project at Targale

Nov 6, 2024 · Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key technology supplier, played a pivotal role in the project. ...

Compressed Air Energy Storage in Latvia

Compressed air energy storage (CAES) is an effective solution for balancing this mismatch and therefore is suitable for use in future electrical systems to achieve a high penetration of ...

Latvian pumped energy storage power station project ...

Tiantai Pumped Storage Power Station
The Tiantai hydropower project is a 1.7GW pumped storage power station under construction in the Zhejiang province of China. China Three ...

Hoymiles Powers Latvia's Largest Energy Storage Project At ...

On November 1, 2024, Targale Wind Park held its grand opening, unveiling Latvia's first major energy storage facility. Hoymiles, as a key ...
