

SolarTech Power Solutions

Liechtenstein portable energy storage product manufacturer

Overview

What makes libattion a good battery storage company?

Libattion's battery storage guarantees a stable and regular power supply. Our systems are fire-safe and fully certified. We customize commercial energy storage for your needs and budget. Rooted in Swiss precision and environmental stewardship, we develop and operate the most versatile battery systems for industry and commerce.

What is a lithium battery storage & energy management system?

With our upcycled lithium battery storage & energy management system, you can leverage the power of renewables to mitigate costs and decarbonize your business. Our BMS-certified, fire-protected commercial energy storage systems help energy-intensive sectors like agriculture, logistics, recycling and manufacturing meet their ESG commitments.

Why should you choose ESS power storage solutions?

All solutions are fully modular and scalable. High-power reused cells save 196 kg CO₂ per kWh, certified by KIWA. Our ESS solutions are designed for easy installation and seamless integration into new or existing power systems. We offer power storage solutions for industry clients such as energy suppliers.
