New mobile energy storage power supply in Osaka Japan

Overview

Japanese trader ITOCHU Corp (TYO:8001) announced today that, together with its partners, it has commenced the operation of an 11-MW/23-MWh energy storage facility in Osaka prefecture. What is Itochu & Osaka Gas?

With this business, ITOCHU will design and supply energy storage system and power conditioners from its own procurement network, and will also build and maintain an optimal storage system. Osaka Gas will oversee trading in the energy market and control of the storage plant by utilizing its knowledge of the energy trade.

Why is Itochu working with Osaka Gas & Tokyo century?

ITOCHU will work on this business together with Osaka Gas and Tokyo Century to ensure that the balancing power produced through this business can contribute to the further introduction and stable supply of renewable energy. Open area within the OSAKA GAS NETWORK CO., LTD. Senri Supply Center grounds.

How will Itochu contribute to the stabilization of Japanese electric systems?

By using the energy from these energy storage batteries in the wholesale electricity market, the balancing market, and the capacity market, ITOCHU will contribute towards the stabilization of Japanese electric systems. Installation will begin in the first half of FY2023 and operations are expected to begin in FY2025.

How many home energy storage batteries does Itochu sell?

In addition to having experience selling around 50,000 home energy storage batteries in total, ITOCHU is expanding its product lineup to include grid-scale storage battery systems for industrial and power grids.

New mobile energy storage power supply in Osaka Japan

Implementation of Grid Storage Battery Business with ...

Jun 15, 2023 · Osaka Gas Co., Ltd.
(President: Masataka Fujiwara, hereinafter referred to as "Osaka Gas") has established Senri Grid Storage Co., Ltd., a joint venture with ITOCHU ...
