

SolarTech Power Solutions

Norwegian energy storage power supply manufacturer

Overview

Who is Norwegian electronic supply?

Norwegian Electronic Supply AS is a company servicing the subsea, oil and gas industry with cables, connectors, cable assemblies and sensors. A highly skilled workforce combined with an innovative and flexible organization allows for high quality products and solutions.

What does Nordic batteries do?

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems. At Nordic Batteries we focus on what is important: safety, reliability and performance.

Are Nordic batteries looking for a development engineer?

Nordic Batteries are seeking a development engineer for mechanical construction and system design. Factor 47 is operative! The pilot line where Nordic Batteries will produce their first battery modules is now officially open after the visit from former Prime Minister Erna Solberg where she cut the banner to kick it off.

Norwegian energy storage power supply manufacturer

Norwegian energy storage cable manufacturer
