

SolarTech Power Solutions

Peru outdoor power supplier

Overview

What is a Perun portable power system?

If your job requires power in the field for a computer, tablet, lighting, and other electronics the Perun portable power systems are the perfect solution! You can charge and operate as many as 12 different devices at the same time with the wide range of power output options.

How much power does a Perun portable power station provide?

The Perun Portable Power Stations provide up to 4000w Peak and 2000w continuous running power for your home, office, and on-the-go. Keep them charged and ready for emergency power or take them with you for working remotely, to the park, camping, or just in the backyard.

Does the Perun ds-100w work with a portable power station?

There are fold-out kickstands on the back of the panel to allow you to position it for optimum charging results. The DS-100W is compatible with all Perun portable power stations. Perun powers your life™
