Production of uninterruptible power supply for monitoring in Southern Europe

Overview

What is uninterruptible power supply (UPS) market?

The Uninterruptible Power Supply (UPS) Market is witnessing substantial growth, fueled by the increasing demand for reliable power backup solutions across various sectors.

Which countries use uninterruptible power supplies (UPS) in 2024?

Legrand in October 2024 has launched its Keor MOD range of uninterruptible power supplies (UPS) in Europe that uses hot-swappable power modules, with intelligent energy management. France is also an important market of UPS systems owing to the government developments in digitization and smart city construction.

Which country has the largest uninterruptible power supply market?

U.S. accounted for over 75% share in North America uninterruptible power supply market, generating revenue of USD 3.6 billion in 2024. The US has the biggest national market of UPS systems, which have been prompted by the presence of key technology firms and advanced data facility build-up.

Where is the uninterruptible power supply market located?

Based on Region: North America holds the largest share of the Uninterruptible Power Supply (UPS) Market, accounting for approximately 38% of the total market value. This dominance is driven by the region's advanced infrastructure, high adoption rates of technology, and significant investments in data centers and telecommunications.

What is the demand for uninterrupted power supply systems?

The demand for uninterrupted power supply (UPS) systems is surging, driven primarily by the rapid expansion of data centers and the proliferation of sensitive electronic equipment across various sectors.

How big is the uninterruptible power supply market in 2024?

The solution segment dominated with over 80% market share, generating around USD 9.5 billion in 2024. What is the market size of the uninterruptible power supply (UPS) market in 2024?

The market was valued at USD 12.1 billion in 2024, with a projected CAGR of 5.6% from 2025 to 2034. What is the projected value of the UPS market by 2034?
