

## SolarTech Power Solutions

# Sao Paulo Energy Storage Project in Brazil

## Overview

---

ISO CTEEP claimed it as the first large-scale battery energy storage system (BESS) on Brazil's transmission grid. The project required a total US\$27 million investment. How many people benefit from battery energy storage in Brazil?

The project benefits more than 2 million people in Brazil. ISA CTEEP, a leader in Brazil's power transmission sector, has just energized the first large-scale battery energy storage project in the Brazilian transmission system. The batteries were installed in an area of approximately 5.000 m<sup>2</sup>, which is the equivalent of half a soccer field.

What is Brazil's largest battery storage project?

Further details about Brazil's largest battery storage project to date have been revealed including its integrators and equipment providers. The inauguration of the 30MW/60MWh system took place last year, on the networks of transmission system operator (TSO) ISO CTEEP, as reported by Energy-Storage.news in November.

How much does Brazil's energy storage system cost?

(BRL 1.0 = USD 0.191/EUR 0.175) Brazil launched on Thursday its first large-scale energy storage system with a total capacity of 30 MW, power sector regulator Aneel announced.

What is Brazil's first large-scale energy storage system?

Brazil launched on Thursday its first large-scale energy storage system with a total capacity of 30 MW, power sector regulator Aneel announced. Inauguration of the 30 MW energy storage system.

What is the panorama of storage in Brazil?

The launch of the Panorama of Storage in Brazil marked a breakthrough in technical discussions and symbolized the beginning of a new era for the Brazilian electricity sector. With its eyes on the regulatory framework, the

storage market has the potential to be one of the great drivers of the national energy transition.

Should Brazil invest in energy storage?

Brazil's energy storage sector must attract R47 billion (\$7 billion) in investments by 2030, according to the Brazilian Energy Storage Solutions Association (Absae). Stakeholders are in the process of creating a regulatory framework for energy storage.
