

## **SolarTech Power Solutions**

# **Solar power storage in China in Cameroon**

## Overview

---

Where are Eneo solar & battery storage plants located in Cameroon?

Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage. The plants are located in Maroua and Guider, in the Grand-North Cameroon.

How to increase solar energy in Cameroon?

In order to enhance solar energy in Cameroon, the government recently signed an agreement with China to carry out feasibility studies aiming at installing several light points in Yaoundé . Recently, Cameroon obtained eKiss (energy-keep it simple and safe) mobile off-grid photovoltaic systems from Antaris Solar .

Why do we need solar power plants in Cameroon?

The absence of commitment and enthusiasm from the government is weakening the sector potentiality to be developed either by private sector investments and also foreign investors. Solar, wind and thermal energy plants are essential to meet the electrification of Cameroon. 1. Introduction.

When is release by Scatec launching solar plants in Cameroon?

22 September 2023, Cameroon: Today, Release by Scatec celebrates the inauguration of the solar plants in Cameroon. Release entered into a lease agreement with ENEO, an electricity company, in 2021 to deliver two solar hybrid and battery storage plants that have a combined capacity of 36MW solar and 20MW/19MWh of storage.

Who is benefiting from Cameroon's two solar power projects?

Residents and industries are benefiting from the two solar power projects in the northern parts of Cameroon.

Can release improve the power supply in Cameroon?

“Having looked at the success of the two projects and how it has helped improve the electricity supply in Cameroon, Release is well positioned to further strengthen power supply in Cameroon with more capacity,” explains Arnaud Gouet, SVP Utilities at Release.
