UPS battery cabinet c1 installation

Overview

How do I connect a battery cabinet to a ups?

1.7 For More Information, for UPS cabinet terminal locations. Route the battery cabinet ground wiring from the UPS through the top of the IBC to the wiring channel on the left side of the IBC (see Figure 13). Route the wiring along the wiring channel to the IBC ground terminal block.

Where do I install a line-up and match Battery Cabinet?

Line-up-and-match battery cabinets are installed adjacent to the UPS. The recommended installation location is on the right side of the UPS cabinet as viewed from the front of the cabinet. See Figure 2 for line-up-and-match configuration view. Figure 2. Eaton 93PM 50 kW or 100 kW UPS and Two 93PM Integrated Battery Cabinets.

Where is the battery cabinet located?

The battery cabinet may be located to either the right or left of the UPS cabinet. The recommended location is to the right of the UPS cabinet. This procedure assumes the battery cabinet is located to the right of the UPS cabinet. 15.

How do I connect an IBC to a ups cabinet?

IBCs can be installed in a line-up-and-match configuration with the interface wiring routed through the IBCs and UPS cabinet or in a standalone configuration with the interface wiring routed between the IBCs and the UPS cabinet using conduit. Disconnect terminal block plug from terminal block to wire plug.

Where should the ups be located?

The recommended location is to the right of the UPS cabinet. This procedure assumes the battery cabinet is located to the right of the UPS cabinet. 15. If line-up-and-match installation, remove the rectangular and circular knockout

on the bottom and top front side of the UPS and the IBC (see Figure 10).

How many 93pm battery cabinets can a UPS system use?

The UPS system has been evaluated for use with a maximum of four 93PM Battery Cabinets. Use of any other configuration may result in fire, death, and voiding of the warranty. Disconnect the charging source prior to connecting or disconnecting battery terminals. Determine if the battery is inadvertently grounded.
