Ukrainian companies that make energy storage batteries

Overview

Why is Ukraine investing €140 million in energy storage?

The €140 million total investment aims to enhance power grid stability, bolstering Ukraine's energy security and independence. The project will be the biggest operational energy storage portfolio in Eastern Europe at the time of commissioning.

How much electricity will Kyiv's power plant store?

Together, they will store up to 400 MWh of electricity – enough to supply two hours of power to 600,000 homes (equivalent to roughly half the households in Kyiv).

Who makes accumulator batteries?

From the very beginning, LLC ADS focuses on producing the alkaline nickel-cadmium and nickel-iron batteries for various industries. Since 1998, LLC ADS produces the accumulator batteries for electric forklifts, communications equipment, electric power engineering, rail transport, and rail communication and automation system.

Ukrainian companies that make energy storage batteries

Ukraine's largest battery energy storage project enters final ...

Jul 10, 2025 · DTEK, Ukraine's biggest private energy company, has begun final commissioning of the country's largest battery energy storage project, the company announced on July 10 at the ...

DTEK selects Fluence to deliver 200 MW advanced energy storage ...

Jan 13, 2025 · DTEK, Ukraine's largest private energy company, has selected Fluence Energy B.V., a subsidiary of Fluence Energy, Inc. (NASDAQ: FLNC) ("Fluence"), a global market ...
