

SolarTech Power Solutions

Wellington New Solar System Wholesale

50KW modular power converter

Flexible Configuration

- Modular Design, Expanding as Required
- Small&Light, Wall Mounted
- Installed in Parallel for Expansion

Powerful Function

- Support PV+ESS
- Grid Support, Equipped with SVG Technology
- On-Grid and Off-Grid Operation

Reliable Protection

- Outdoor IP65 Design
- Sufficient Protection Functions Equipped

Overview

Should Wellington adopt solar energy?

With 2,053 annual sunshine hours and moderate energy costs, Wellington presents a compelling case for solar energy adoption. The region's consistent solar performance and growing installation rates demonstrate the viability of solar power even in the windy capital. 1. Energy Costs.

Who are NZ solar installers?

Trusted by NZ installers. We supply premium solar panels, inverters, batteries, cables, and mounting systems — all in stock locally for fast delivery. Our global brand partnerships mean proven performance and reliability. Expect sharp pricing, responsive service, and tech you can trust — so your installs are faster, easier, and more profitable.

How many solar-powered homes are there in Wellington?

The area now features 5,688 solar-powered homes, representing a total installed capacity of 27.9 MW. New installations averaging 6.7 kW reflect growing confidence in solar technology. 4. Discover More About Wellington.

Why should you invest in solar energy in Wellington?

Solar consistently delivers double-digit returns, outperforming many traditional investments like property, shares and term deposits. Make the most of green loans. Enjoy clean, renewable energy on your terms with \$0 upfront. With 2,053 annual sunshine hours and moderate energy costs, Wellington presents a compelling case for solar energy adoption.
