What base stations does Sudan Electricity have

Overview

Which energy options will be available in Sudan?

In Sudan, 2. Solar PV energy: 1000 MW (on- and off-grid) and 1000 MW (grid connected) of wind energy will be applicable. Solar CSP technology with a capacity of 100 MW (grid connected) will also be available, particularly in the northern part of Sudan.

What is the main source of electricity in Sudan?

Hydroelectricity is Sudan's largest source of on-grid power, accounting for 68% of generation in 2011, followed by diesel and heavy fuel oil (27%) and biomass and waste (5%). Hydroelectricity is generated from five dams at Roseires, Sinnar, Jebel Aulia, Khashm el-Girba, and Merowe.

How much electricity does Sudan use?

It is estimated that the total installed generation power capacity in Sudan in 2013 amounted to 2,533 MW, with about 70% of the electricity being consumed in the Khartoum area. Domestic power consumption dominates the market, with approximately 65% of electricity consumption being attributable to the sector.

Is Sudan able to fund electricity infrastructure improvements?

The government's ability to fund electricity infrastructure improvements is extremely limited. Sudan's other infrastructure networks face the same challenges as the electrical network. Road and rail networks extend for hundreds of miles throughout Sudan, however large sections of the country are serviced only by dirt roads.

Does Sudan need a new infrastructure?

All segments of Sudan's national infrastructure, including its transportation network, electrical grid, and water supply network, need significant investment, modernization, and expansion. For example, only about one third

of Sudan's 45-million population has access to electricity.

How many airports are there in Sudan?

Road and rail networks extend for hundreds of miles throughout Sudan, however large sections of the country are serviced only by dirt roads. Khartoum and Port Sudan have medium-sized international airports, and there are 23 regional airports across the country.
